## LIST MAINTENANCE PROJECT JULY 2015

NHS England are writing to certain groups of patients (not all) as part of a project to check the reliability and accuracy of GP surgeries' patient details.

The purpose is to check whether the information held is accurate and up to date, to ensure that if the surgery or any national health organisation needs to contact you (eg the bowel or breast screening projects) that we write to the correct address.

This letter is not a hoax or a scam. It will come on an NHS England letterhead from their Gloucester office.

**IT IS IMPORTANT THAT YOU CONFIRM YOUR REGISTRATION DETAILS BY ONE OF THE METHODS LISTED ON THE FORM, OR IF THERE ARE CHANGES THEN FILL IN THE FORM AND RETURN IT IN THE ENVELOPE PROVIDED. IF YOU DO NOT, THEN NHS ENGLAND WILL ASSUME YOU HAVE MOVED AWAY AND WILL THEN DE-REGISTER YOU FROM THE PRACTICE AND IT WILL TAKE US TIME AND A LOT OF PAPERWORK TO GET YOU RE-INSTATED.**

We apologise for this need but we have no choice in the matter as it is a national NHS policy.

A handwritten signature in blue ink that reads "John Moon". The signature is stylized with a long horizontal stroke at the end.

**John Moon**  
Practice Manager
